

HISTORY OF PHILOSOPHY FORUM

CALL FOR APPLICATIONS

The History of Philosophy Forum at the University of Notre Dame invites applications to our 2021-2022 Small Grants Program, supporting international scholars with research projects in the history of philosophy that could benefit from a stay at the University of Notre Dame. We especially encourage applications relating to the theme of our current Forum project, “Modeling the Mind in the History of Philosophy,” but welcome all applications in the history of philosophy (broadly construed).

The History of Philosophy Forum aims to facilitate world-class research and international collaboration in the history of philosophy.
